

DANGER – ULTRAVIOLET RADIATION

Avoid overexposure. As with natural sun light, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer

Wear protective eyewear.

**FAILURE TO USE PROTECTIVE EYE WEAR
MAY RESULT IN SEVERE BURNS OR
LONG TERM INJURY TO THE EYES.**

Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using tanning equipment if you are using medications or have a history of skin problems or you are especially sensitive to sunlight.

If you do not tan in the sun, you are unlikely to tan from the use of this equipment.

Please follow Instructions.
